- Upholster and install seats, headliners, carpets, side panels, and other interior components.
- Work with various materials such as leather, fabric, vinyl, and plastics to achieve high-quality finishes.
- Ensure precision in cutting, sewing, and fitting materials to achieve flawless results.

- Collaborate with the design team to execute creative and innovative interior concepts.
- Maintain a clean and organized workspace, adhering to safety and quality standards.

EDUCATION, SKILLS & TRAINING

- Proven experience (1 year) as an Interior Upholstery and Trim Technician in the industry.
- Proficiency in using upholstery tools, sewing machines, and other relevant equipment.
- Strong knowledge of different fabrics, materials, and their applications.
- Ability to interpret design sketches and specifications accurately.
- Excellent attention to detail and craftsmanship.
- Strong time management and organizational skills.

Benefits

- Competitive salary based on experience.
- Opportunity to work on high-profile and unique aircraft projects.
- Collaborative and supportive team environment.
- Room for growth and professional development.
