### Installation Information

Complete kit (part number SWG510-100-1) includes instructions and all components needed for field installation. The SkyStep™ is STC approved by the FAA for the Cessna Citation Mustang C510 aircraft model. Installation at our facility or by our mobile service team is available at an extra charge. Please contact us for details and an installation quote.

Note: Customization may require additional advance preparation time – please call us to schedule installation.
